

# ALTERNATE CARE SITES

## CONCEPT

The Army Corps of Engineers USACE partners with FEMA to adapt existing facilities chosen by state Governors to convert into COVID-19 ICU treatment hospitals and NONCOVID-19 alternate care centers. Site adaptations will be made to existing facilities that are already operational and to code. 114 assessments have begun in 50 States in 5 different territories.\*

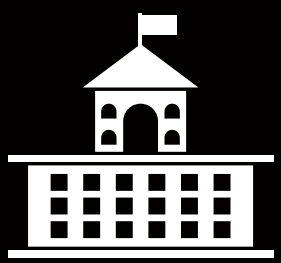

## + THE PLANS

Approved site adaptations must each be accomplished in as little as 5 days and at most 2 weeks to align with state projected virus infection peaks.

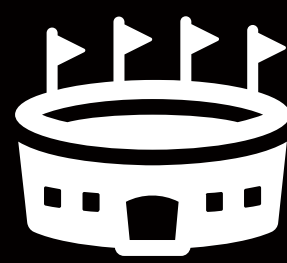

## 4 STANDARD DESIGNS ► 2 CATEGORIES

COLLEGE DORM

HOTEL

SPORTS ARENA

CONVENTION CENTER

### COVID-19

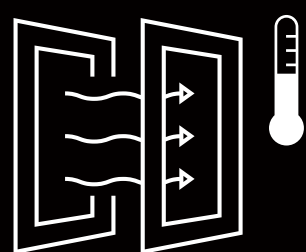

Will function as ICU care units for up to 2,900 COVID-19 infected patients.

### NON COVID

Each site can care for thousands of Non Covid patients and free up hospitals/adapted hotels & dorms to fight.

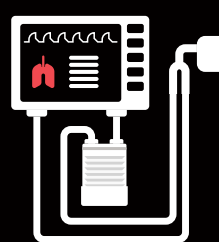

## CAPABILITIES

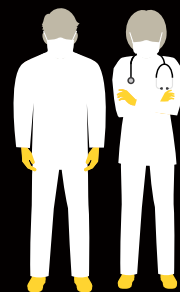

LOWERED PSI  
VENTS

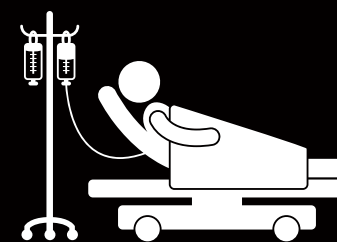

ZIPPED PLASTIC  
DOOR COVER

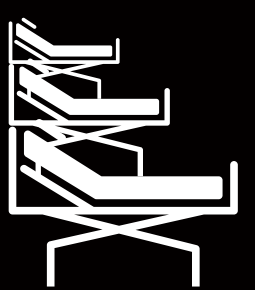

PATIENT  
VENTILATORS

1-2 NURSES /  
20 PATIENTS

PATIENT BEDS /  
(COVID-19) FLOOR

9000 BEDS /  
(NON COVID)

## Highly-Skilled Medical Support

NEARLY **13,000** SPECIALIZED TROOPS mobilized for COVID-19 response + NEARLY **10,000** RETIRED MED SOLDIERS stand ready to assist the response
